

PMP® Certification Exam Preparation Boot Camp

Knowledge, Insights and Drills to Help You Hit the Ground Running

The PMP® certification is the most globally recognized project management certification. Achieving this designation requires both project management experience and knowledge of project management standards defined by PMI® in the PMBOK® Guide.

This intensive 5-day workshop is designed to help you prepare for the PMP® certification exam. It combines both guided and self-study formats to help you “hit the ground running” in studying for the exam, ultimately enhancing your probability of attaining PMP® certification.

Takeaways

- Acquire a sufficient level of competency with PMI’s latest version of “A Guide to the Project Management Body of Knowledge 5th Edition” (PMBOK® Guide) subject matter
- Understand the level of competency required to pass the exam
- Assess and score your personal level of preparedness to take the exam
- Familiarize yourself with the exam format and content
- Increase your confidence in writing the exam
- Enhance your probability of attaining your PMP® certification
- Improve your ability to put the framework to use in managing projects

Audience

The workshop is intended for experienced Project Managers, leaders and team members who want to attain their PMP® certification. Specifically, it is for those with experience in leading and/or directing project tasks as identified in the PMP® exam specifications found here:

<http://www.pmi.org/certifications/types/project-management-pmp>

Participants should be familiar with project initiation, planning, execution, monitoring and controlling, and closing.

Format

This workshop employs a unique “Boot Camp” format designed to exercise and strengthen your learnings:

- Theory and interactive collaborative discussions
- Hands-on practical tests, exercises and reading assignments
- Q&A review periods to reinforce key concepts and test your understanding of all aspects of the PMBOK® Guide
- “Timeboxed Drills”: three types of simulated team practice tests that provide additional project management insights
- “Cadets’ Corner”: a 30 minute open discussion period on topics chosen by the participants
