“The combination of legal and business perspectives I was exposed to during the JD/MBA has proven invaluable in helping me solve complex issues for clients.”

UBC JD/MBA, Class of 2018

The practice of law meets the practical application of business.
The UBC JD/MBA Dual Degree will equip you with the tools to understand law from the perspective of a businessperson, and to understand business from the perspective of a lawyer. By gaining expertise in all angles of law, business and management, you will be ready to succeed in global economies where the ability to navigate the complexities of law and business is key.
The program offers countless opportunities for gaining practical experience. Through Allard Law’s clinical programs, you will work with members of the legal profession and real-world clients. Through the Global Immersion Experience, you will travel abroad to solve real business problems for international organizations.
On their own, each of these skill sets is sought-after. Combined, they are invaluable.

Professional growth. Accelerated.
Before and after graduation, UBC JD/MBA students benefit from the full support of the Career Services Office at the Allard School of Law, plus UBC Sauder’s Hari B. Varshney Business Career Centre. That means twice the professional development opportunities.
Our graduates pursue rewarding careers in fields such as corporate law, investment banking, consulting, venture capital and in-house counselling.

All four corners of the globe. In your corner.
When you pursue a UBC JD/MBA, your network expands globally.
By tapping into two networks of experienced professionals with diverse—and often international—backgrounds, the UBC JD/MBA opens up a world of opportunities.
A dual degree that expands your career potential to the nth degree.

The UBC JD/MBA Dual Degree is the fusion of two prestigious, career-propelling disciplines. Administered jointly by UBC Sauder School of Business’ Robert H. Lee Graduate School and the Peter A. Allard School of Law at the University of British Columbia, it is a launch pad for infinite opportunities in law and business, with just four years required to complete both degrees.

Top tier. Times two.

Both UBC Sauder and Allard Law are highly regarded internationally. UBC is ranked among the top 40 in the world for Business & Economics by the Times Higher Education World University Rankings 2022, and the Peter A. Allard School of Law is ranked among the top 35 law schools in the world by the Social Science Research Network in 2022.

Our students come from varied academic backgrounds, including arts and humanities, science, engineering and business administration. The one thing they have in common? They are academically and professionally ambitious.
